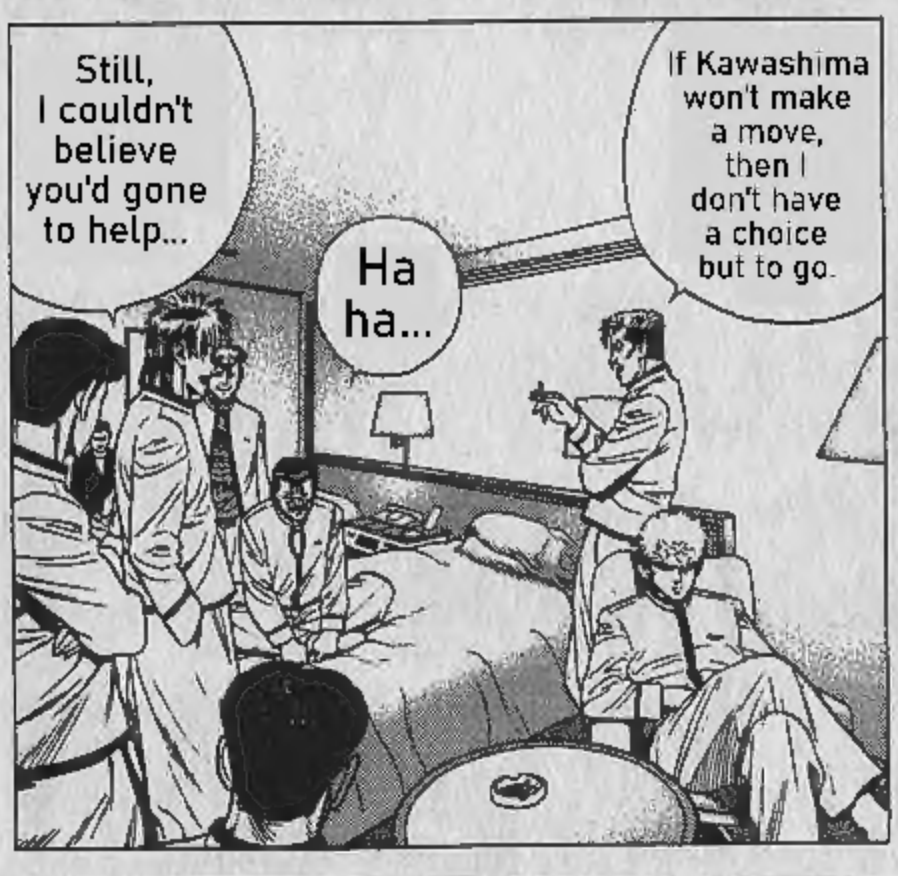
I'm sorry. I misjudged you.



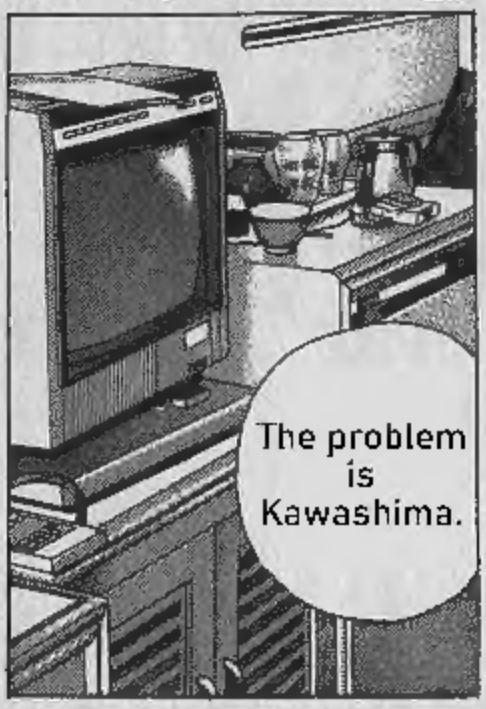
Still, I couldn't believe you'd gone to help...
Ha ha...
If Kawashima won't make a move, then I don't have a choice but to go.

You don't have to apologize.

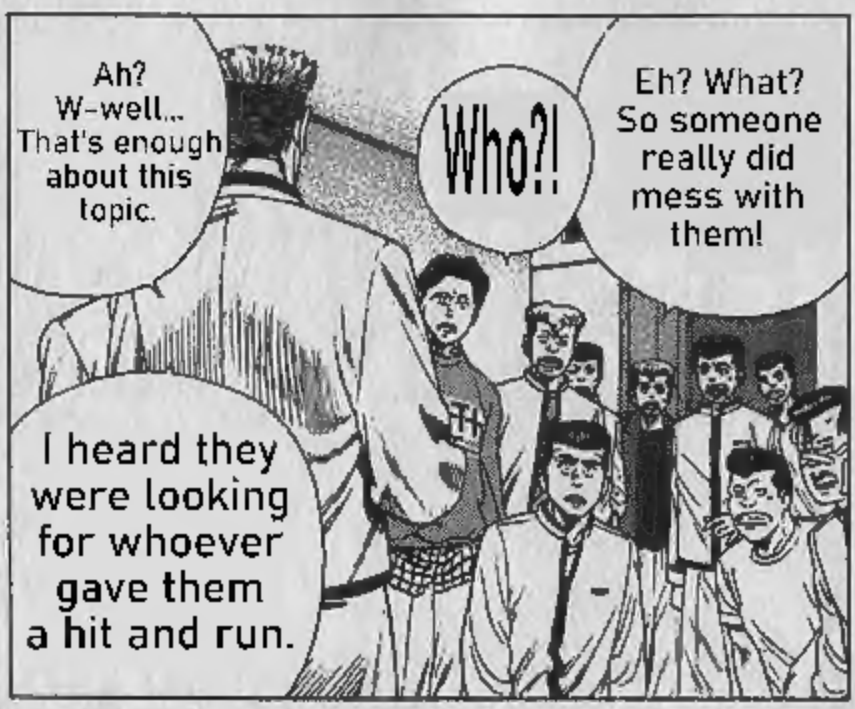
Someone gave their guys a beating, but I don't know who.
I dunno if they'd already talked, but they weren't helping.

I thought there were around 20 guys...
But I can't believe they let you free...

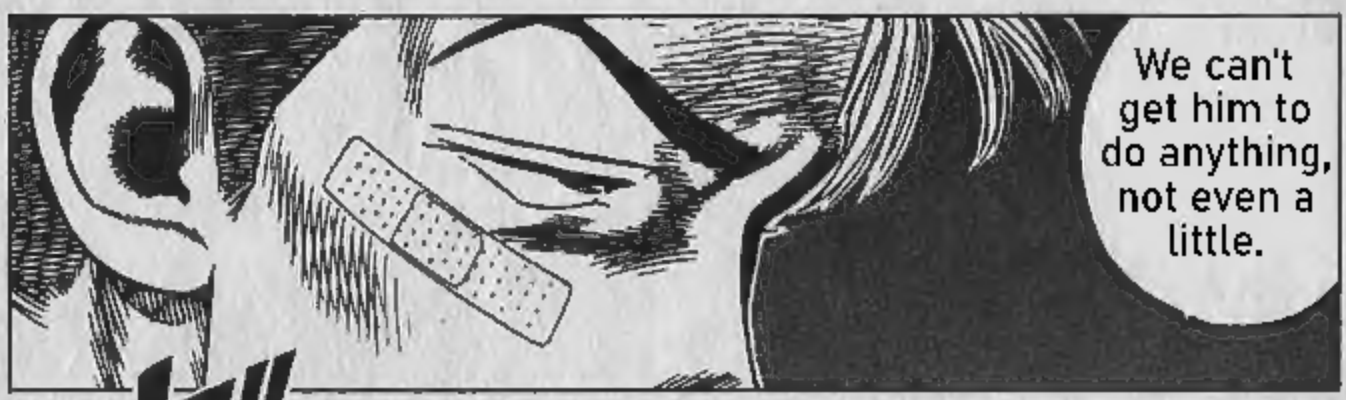
.....



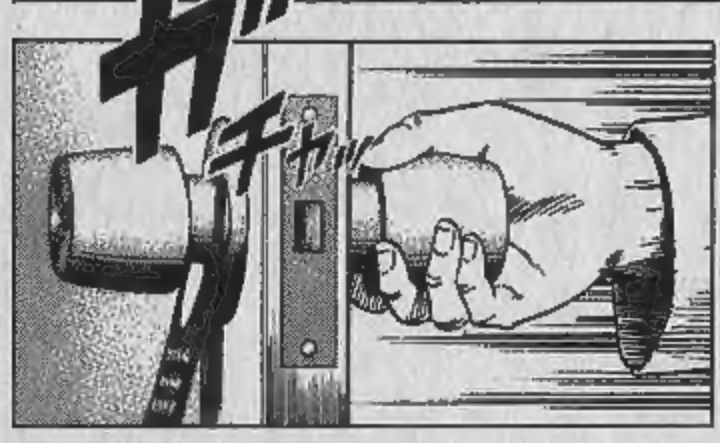
The problem is Kawashima.



Ah? W-well... That's enough about this topic.
Who?!
Eh? What? So someone really did mess with them!
I heard they were looking for whoever gave them a hit and run.

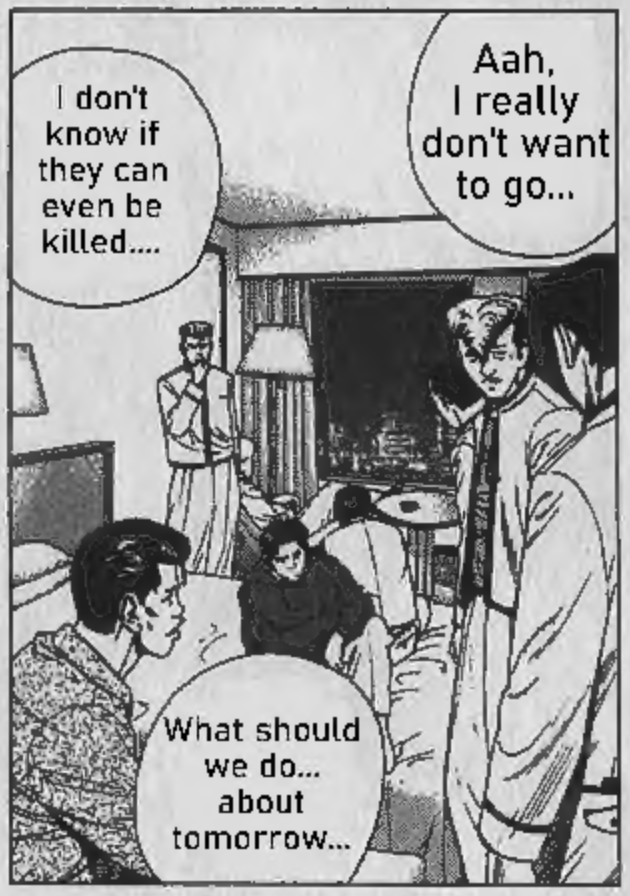


We can't get him to do anything, not even a little.



ガチャ

!



I don't know if they can even be killed....
Aah, I really don't want to go...
What should we do... about tomorrow...

……

Don't scare us like that, we thought it was Kamashima...
O-oh... It's just Iida...

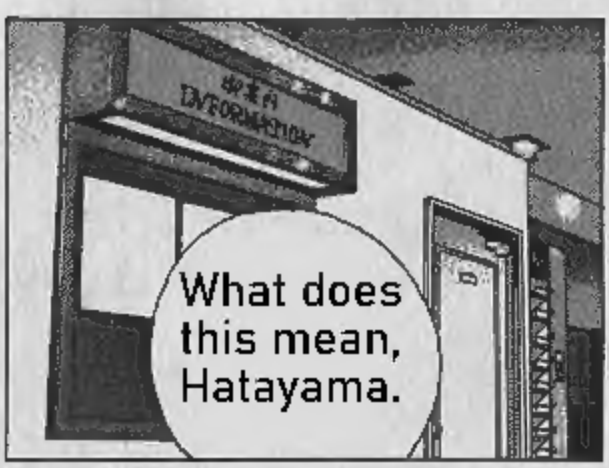
I-I told them to leave him half dead...
W-why'd he come back...

Hata yama...

……
!!

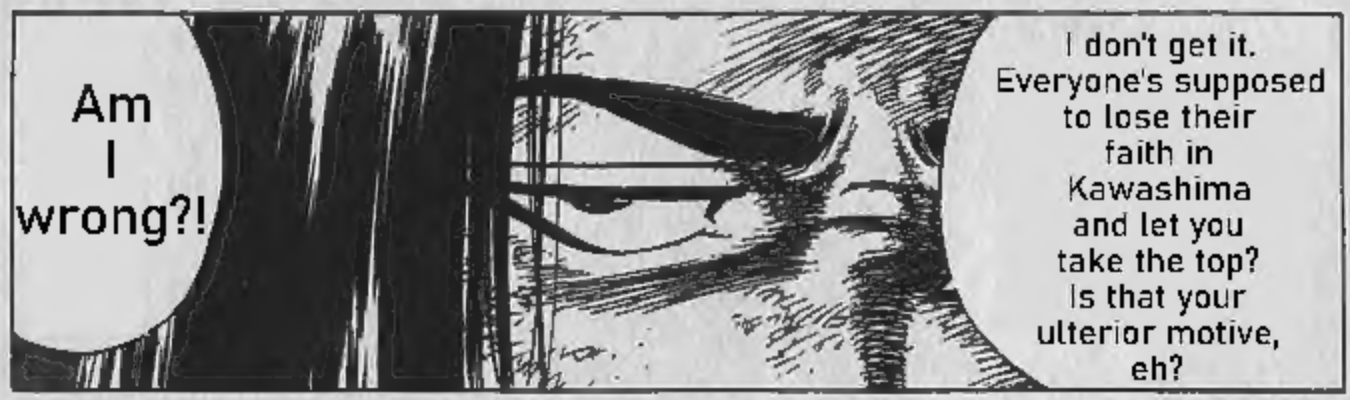
W-What's wrong, Iida?
……
Whatever it is, let's step outside a moment...

In that situation, I thought we'd all save ourselves, so I thought there was no other way. And you, I thought you'd ran away.
It's your fault for tailing me.
And with that, you've got the sense of a hero...?

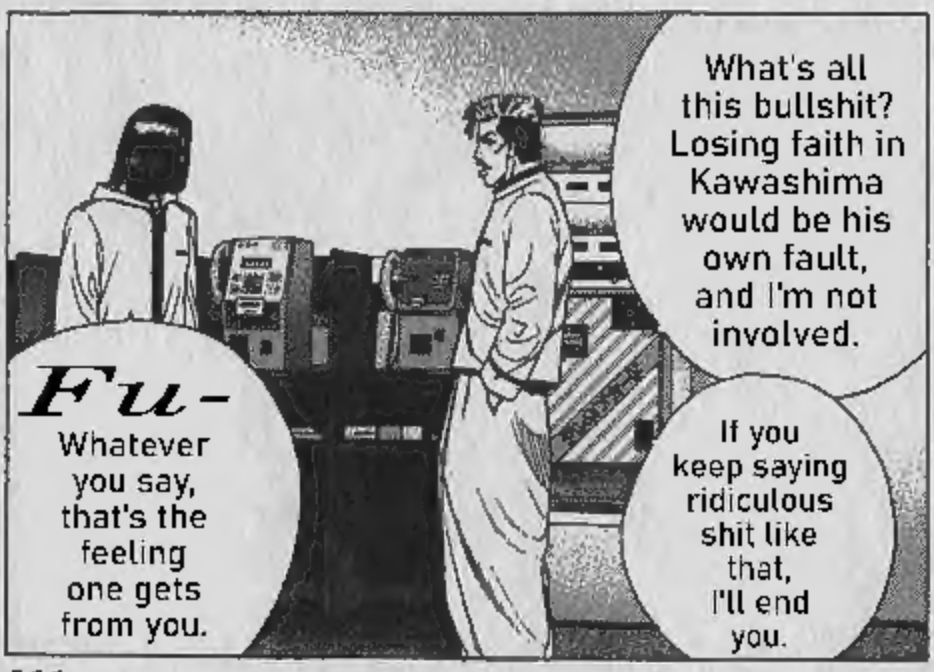


What does this mean, Hatayama.

Why are you always fucking me over?
Someone did their guys iiiin?



Am I wrong?!
I don't get it. Everyone's supposed to lose their faith in Kawashima and let you take the top? Is that your ulterior motive, eh?



What's all this bullshit? Losing faith in Kawashima would be his own fault, and I'm not involved.
Fu-
Whatever you say, that's the feeling one gets from you.
If you keep saying ridiculous shit like that, I'll end you.

!

I thought it was strange.
Gorou...

So that's what's going on.

!

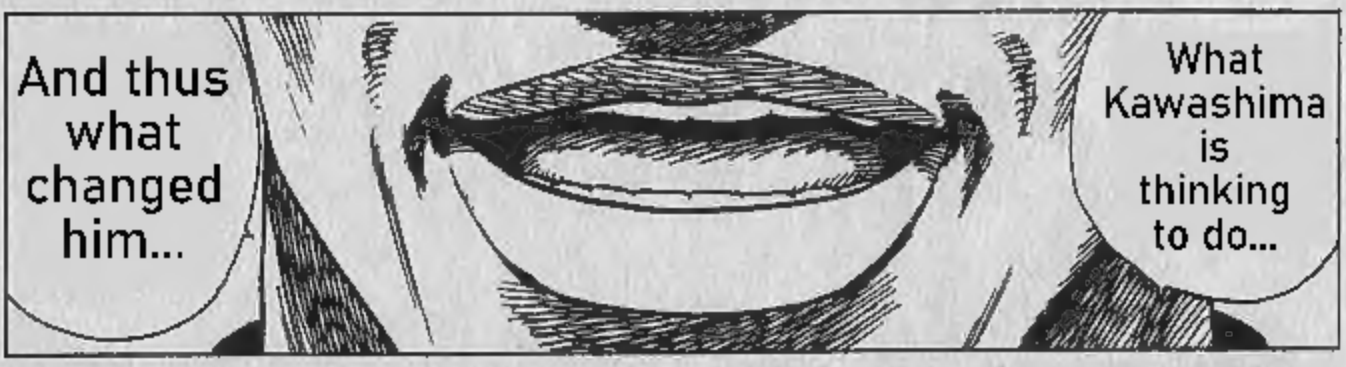
.....
.....

Earlier, I saw Iida go to fetch Kawashima and get slugged.
This guy's getting really fucked around, huh?
It was too early for everyone, without you saying anything, to give you the hero treatment.

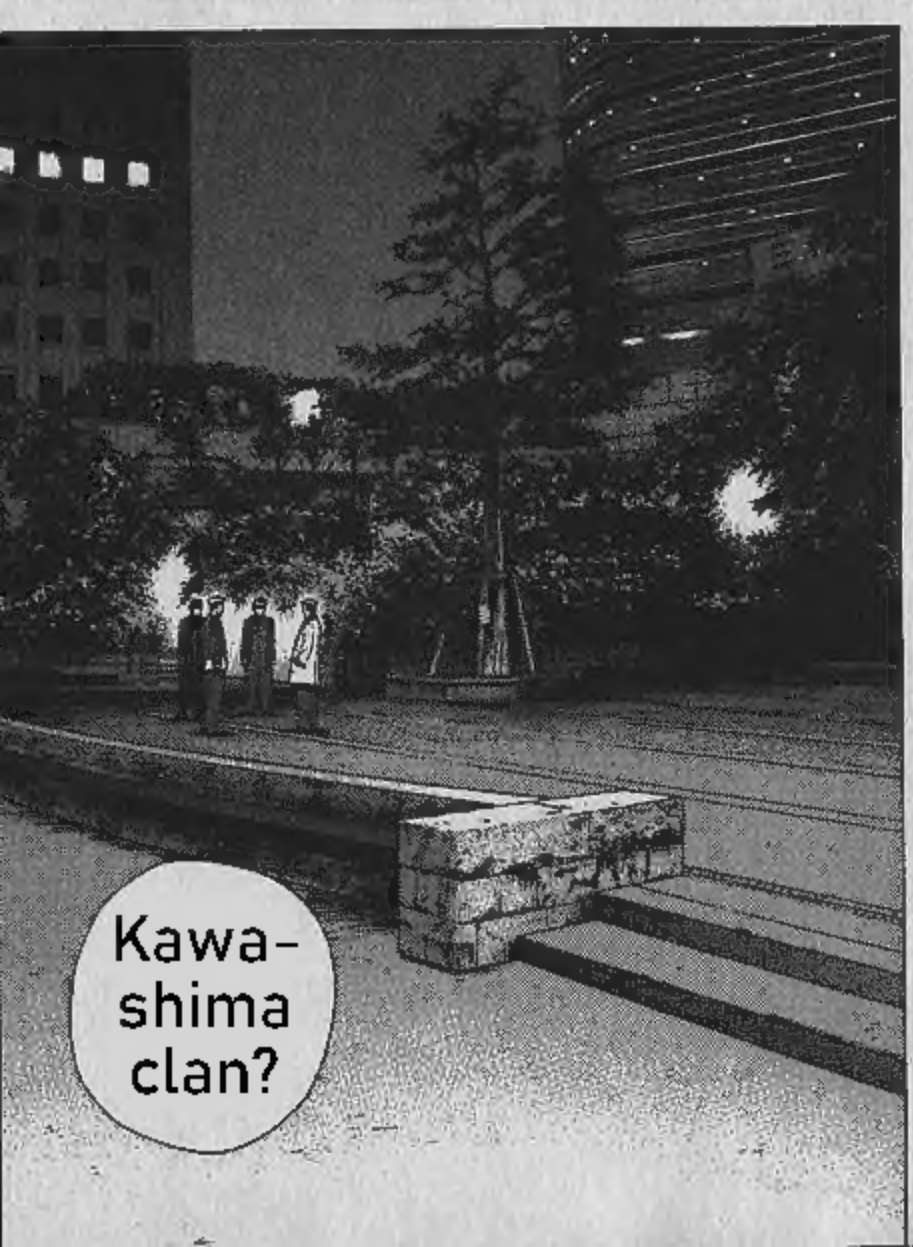
Ah?
Fu-
You guys are severely retarded.

I thought I'd keep quiet, but I'll tell you.
Ah? What the fuck are you saying?

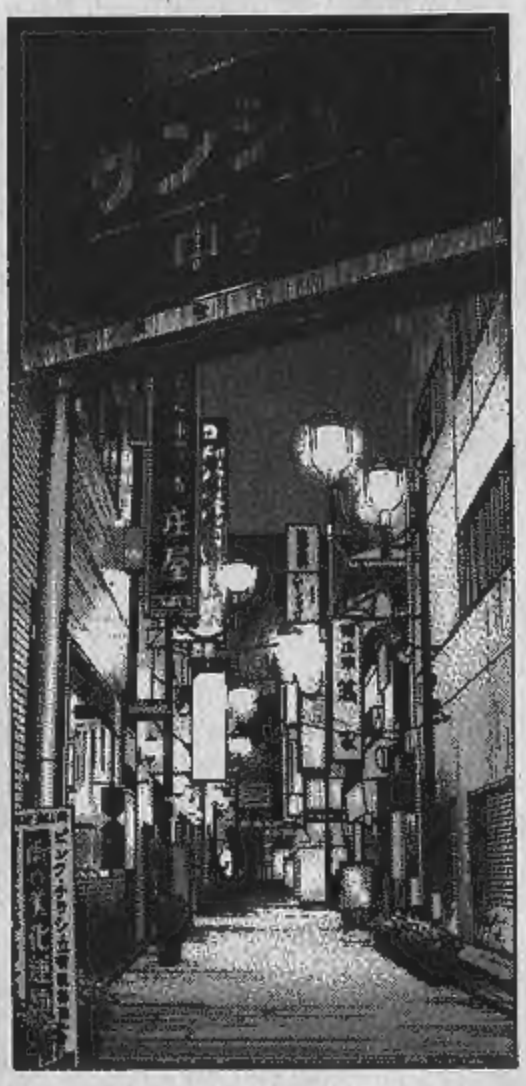
If it's for the sake of saving you guys, it can't be helped.



And thus what changed him...
What Kawashima is thinking to do...



Kawa-shima clan?



That's right. He's waiting on their graduation, in order to make an organization to take against his bro's enemies.

Pu-

Fu-

.....

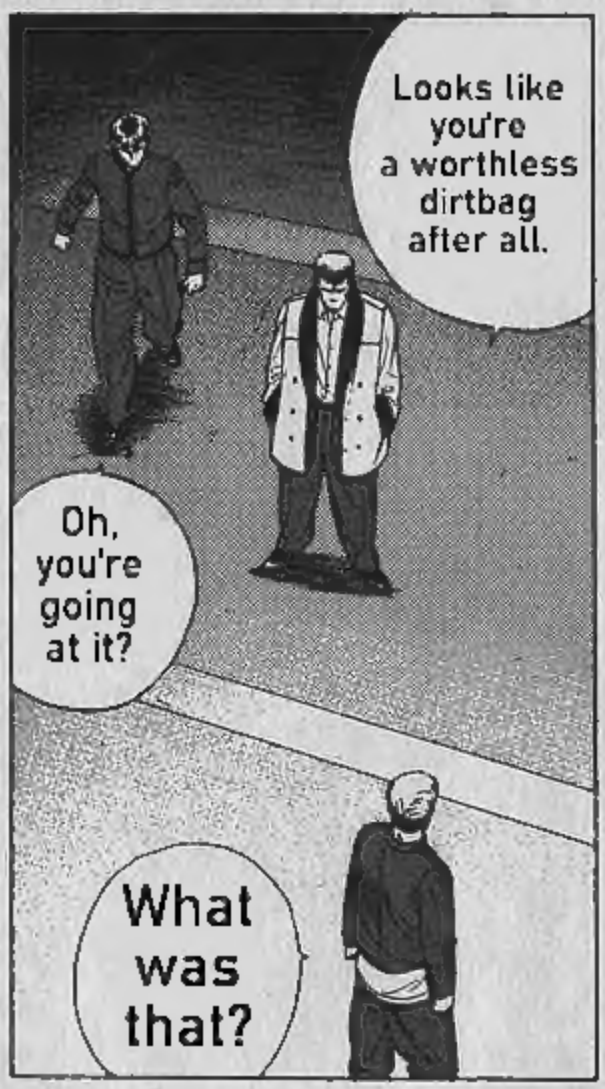
What, this guy's just a regular idiot!
Buwahaha! Hahaha!
Kawashima clan???
.....

It's for that purpose you become the top!
Hmph. Your friends' trust isn't something you wish for.

And for that, his friend's trust is uneeded, then.

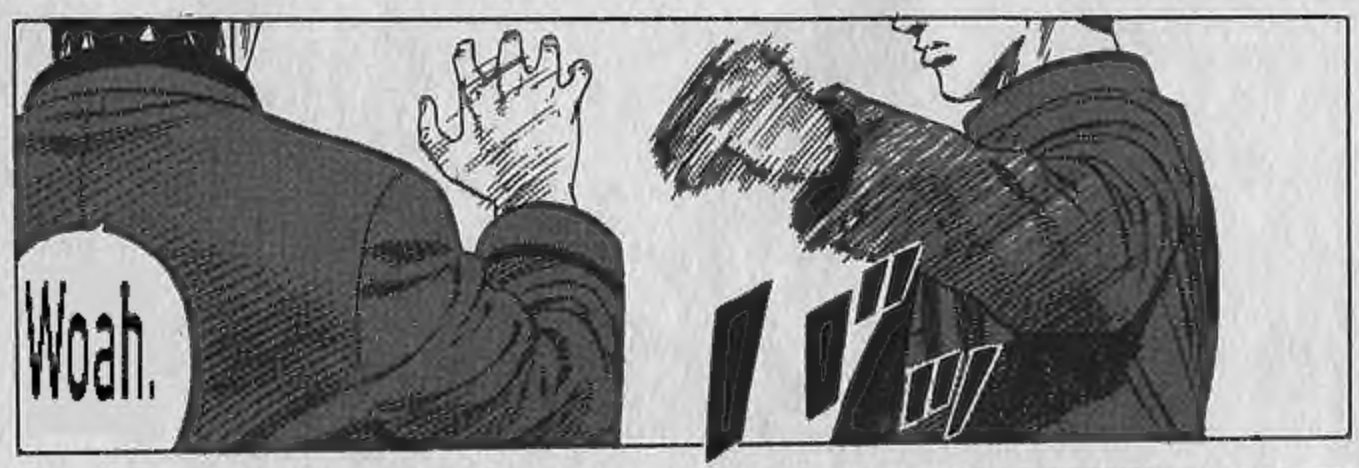
I don't want to under-stand.
I see you can't understand his pain.

.....
Let me do it, Onizuka.
I only got a little bit of this guy before, after all.



Looks like you're a worthless dirtbag after all.
Oh, you're going at it?
What was that?

.....



Woah.

You fucker.

Ah?

To collect from my friends and be the top.
I'm also desperate.

It would suck to kill you guys right now.

Kasai...

Kasai...

Retard
!

And you.
And you.
What!!

Not too long ago, you weren't able to kill me.

You're clammering on about old shit.

The pigs are dead.

Pigs, pigs!

You were greedy! Even pigs wouldn't get near you!

Piggy?!

Don't be mistaken, you yet-pig-people

And octopus

So Kawashima is my big kill

.....

You're an octopus.

I-I am...

Kh...

What's that, huh?

Kukukuku...

I'll kill you!

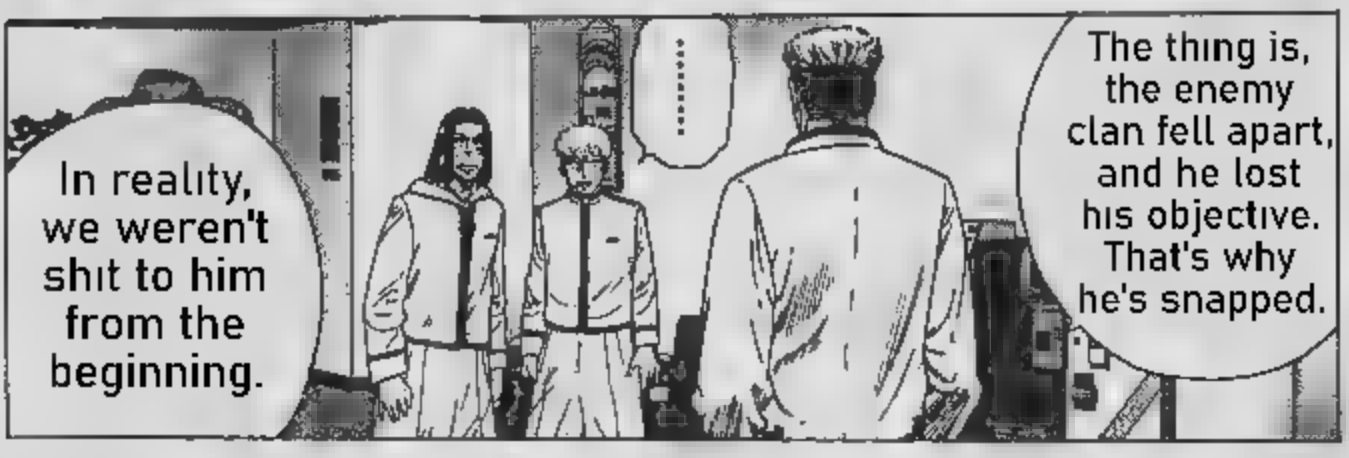
What I'm say ng is, to carry on his bro's last wish, to make a clan, and be trusted, he played the good guy
Do you get it?



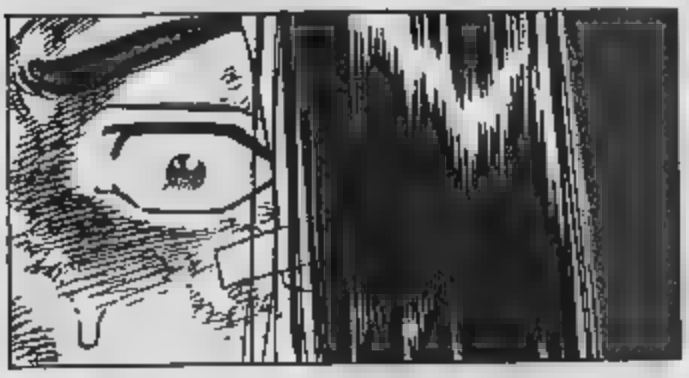
In reality, we weren't shit to him from the beginning.
……
The thing is, the enemy clan fell apart, and he lost his objective. That's why he's snapped.

……

T-to think that up...

Us... Every-one...
N-no way... Making a clan. .

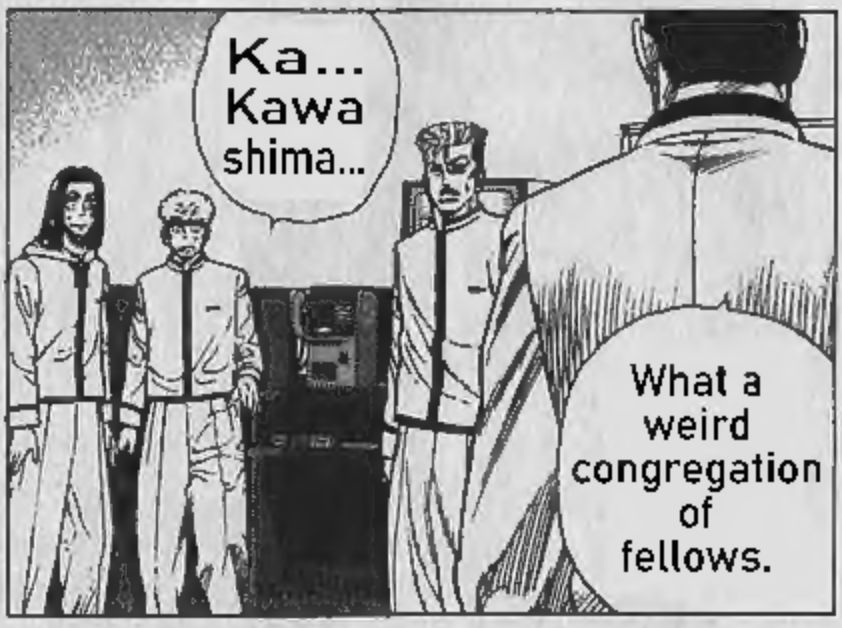
For your sake.
Hey, now that we're on the same page tell me, other than me, who could become the top?



Ah?

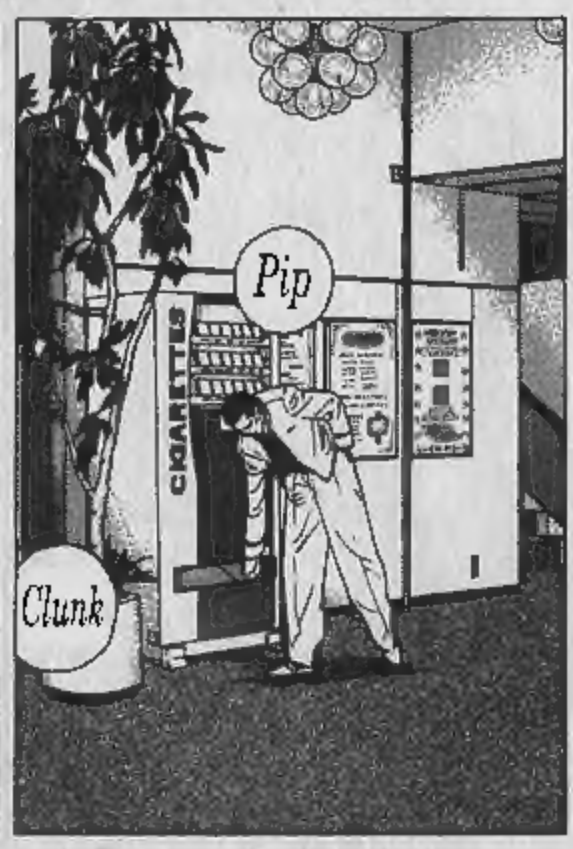
What are you guys doin' right here, in the dead of night?
!

I ran out of smokes.
O- on a stroll?



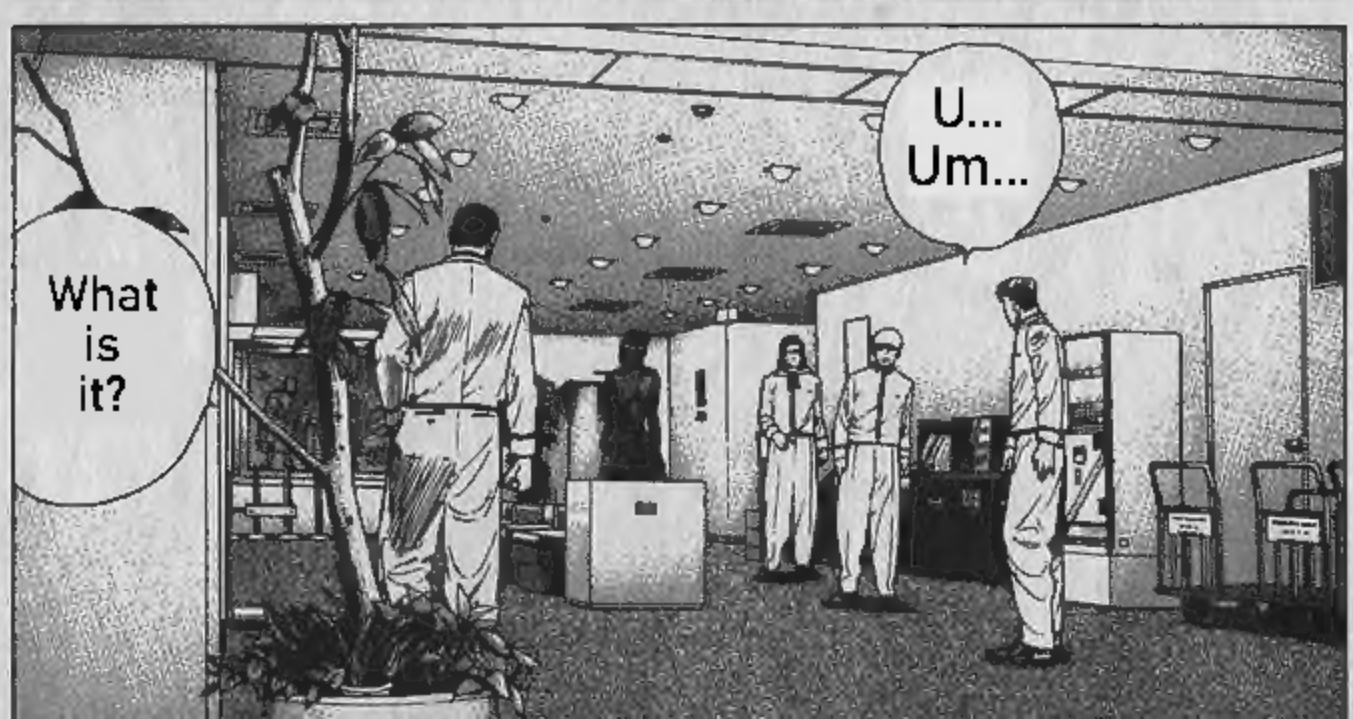
Ka... Kawa shima...
What a weird congregation of fellows.

What?



Pip
Clunk

.....



What is it?
U... Um...
!

What was that?

What about my bro?

U-ugh...

Get to bed quickly.
Tomorrow's Kichijoji.

L-let...

.....

Until dawn breaks... Come, or...
Kawashima! Maeda is right now already in Ikebukuro!

Trying to make me laugh, huh?
Fu-

.....
